Life Power

Dear Timsum:

On behalf of everyone here at Shanghai Guanghua College at Fudan campus, I wanted to thank you very much for wonderful event and activities you provided for us yesterday. I received a great number of positive comments regarding the team building event with your company from Wednesday August 15, 2012. In particular, our entire senior management team was extremely pleased with the activities and the energy that David Lam brought to the event.

We were also very pleased with the results of having all of our employees engaged in teamwork together. As with any organization with a large numbers of new employees, we thought that the day's activities chosen by you were ideal for bringing all staff together in a very positive way, and allowing new employees to smoothly fit in with our existing staff.

One new employee commented "I never thought this would be as useful as it was, what a perfect way to start out school year." In addition, one existing employee added "I didn't think I would smile and laugh so much, other team building events never add up to much."

We were very delighted with the organization and simplicity of the activities you chose for us. David kept the event moving along, and at one point participants thought it was much later than it was because we had done so much so quickly, a true example of how well organized and fun the affair was.

I am sure that we will call on you again next year when we start a new school term with fresh faces. Many thanks from our entire team!

Sincerely,

Paul J. Rapant
Director of Guidance
